

**Orario del Corso di Laurea Magistrale in Biology and Ecology of the Marine Environment and Sustainable Use of Marine Resources - Monte Sant'Angelo**

**Accademic Year 2021/2022 - II YEAR, 1° Semester**

**LECTURES**

**MARINE CONSERVATION GENETICS AND MARINE GENOMICS and LAB (12 ECT)**

**MODULE: CONSERVATION GENETICS (6 ECT - 24 lessons) - Prof. Giuseppe Saccone**

**MODULE: MARINE GENOMICS (6 ECT - 24 lessons) - Prof. Caterina Missero**

**BIOCHEMICAL ADAPTATIONS TO MARINE ENVIRONMENT AND METHODOLOGIES FOR BIOREMEDIATION (6 ECT - 24 lessons) - Proff. Maria Vittoria Cubellis and Bruno Hay Mele**

**MARINE ORGANISMS PHYSIOLOGY (6 ECT - 24 lessons) - Prof. Claudio Agnisola**

**Start: Tuesday 28th september - Room BIO2 - Department of Biology**

**End: Cons. Genetics 17/12/2021; Mar. Genomics 14-12-2021; Bioch. Adapt. 17-12-2021; Mar. Physiology 14-12-2021**

| TIME    | TUESDAY                | THURSDAY                   | FRIDAY                     |
|---------|------------------------|----------------------------|----------------------------|
| 09 – 11 | <b>Mar. Genomics</b>   | <b>Conserv. Genetics</b>   | <b>Mar. Physiology</b>     |
| 11 – 13 | <b>Mar. Physiology</b> | <b>Mar. Genomics</b>       | <b>Biochem. Adaptation</b> |
| 14 – 16 |                        | <b>Biochem. Adaptation</b> | <b>Conserv. Genetics</b>   |
